

CLAIM SUMMARY DOCUMENT

1. (Currently amended) A method for countering international terrorism requiring Non-Immigrant Visa Holders (~~users~~) to report during their respective visits at one or more times and monitoring such reporting using the internet and an electronic system and database, comprising the steps of:

storing information from Non-Immigrant Visa Holders ~~users~~¹ authorized visa documentation in the data base including information related to the timing of required reports by the Non-Immigrant Visa Holders ~~users~~;

receiving over the internet reports from Non-Immigrant Visa Holders ~~users~~ made from remote terminals by Non-Immigrant Visa Holders ~~users~~ wherein the reporting Non-Immigrant Visa Holders ~~users~~

log onto a website associated with the electronic system and database and;

transmit over the internet to the electronic system and database information requested by the website; and

determining from said stored timing information and received reports, the identity of individuals who have failed to make timely reports.

2. (Original) The method of claim 1, further comprising the step of transmitting notification to a responsible governmental body of the identities of individuals who have failed to make timely reports.

3. (Currently amended) The method of claim 1, further comprising the step of transmitting notification to at least one of a Non-Immigrant Visa Holder's user's sponsor, employer, or school that that individual has failed to make a timely report.

4. Canceled.

5. (Currently amended) The method of claim 4, wherein the information requested by the website is requested in a language selected by the reporting Non-Immigrant Visa Holder user.

6. (Currently amended) The method of claim 4, wherein the information requested by the website includes personal identifying information as listed on the Non-Immigrant Visa Holder's user's authorized visa documentation.

7. (Currently amended) The method of claim 4, further comprising the step of transmitting information to the reporting Non-Immigrant Visa Holder user selected on the basis of at least the nationality of the reporting Non-Immigrant Visa Holder user.

8. (Original) The method of claim 1, further comprising the step of notifying a non-reporting individual by e-mail of his failure to make a timely report.

9. (Original) The method of claim 1, further comprising the step of notifying a non-reporting individual by mail, electronic mail, and/or telephone, at his last known address or phone number of his failure to make a timely report.

10. (Original) The method of claim 1, further comprising the step of revoking the visas of individuals who fail to make timely reports.

11. (Currently amended) The method of claim 1, further comprising the step of providing an electronic receipt to reporting Non-Immigrant Visa Holders users indicating the receipt of timely reports.

12. (Currently amended) The method of claim 1, further comprising the step of providing hyperlinks to Non-Immigrant Visa Holders users making reports.

13. (Previously Presented) The method of claim 12, further comprising the step of the electronic system selecting hyperlinks on the basis of stored information about the Non-Immigrant Visa Holder making the report.

14. (Currently amended) The method of claim 1, further comprising the step of transmitting over the internet to reporting Non-Immigrant Visa Holders users requests for information concerning criminal activities.

15. (Currently amended) The method of claim 1, wherein reporting Non-Immigrant Visa Holders make multiple reports, including a current and a previous report, and further comprising the step of comparing each reporting Non-Immigrant Visa Holder's user's current report with at least one previous report.

16. (Original) A method of monitoring visitors from abroad comprising the steps of:

- entering personal identifying information for each visitor as listed on their respective authorized visa documentation.
- requiring each visitor to report at one or more times during his or her stay;
- establishing a record in a central data base for each visitor including identifying information and information related to the timing of a required report;
- providing a website for the visitors to log onto from remote terminals;
- receiving reports from visitors including personal identifying information input at a remote terminal by each reporting visitor;
- recording receipt of reports for visitors in their respective records;
- determining from the records the identity of visitors who have failed to make timely reports; and
- transmitting notices identifying visitors who have failed to make timely reports.

17. (Original) The method of claim 16, wherein information identifying visitors who have failed to make timely reports is stored in a database accessible to local law enforcement bodies.

18. (Original) The method of claim 16, further comprising the step of requesting information from reporting visitors concerning criminal activities and forwarding any information input to appropriate governmental authorities.

19. (Original) The method of claim 16, further comprising the step of requesting information from the visitor in a language selected by the visitor.

20. (Currently amended) Data processing system for monitoring Non-Immigrant Visa Holders (~~users~~) who are required to make reports over the internet from remote terminals to a web site associated with the data processing system comprising:

data storage means for storing data related to the timing of reports required by each of a plurality of Non-Immigrant Visa Holders ~~users~~;

data server means for providing a reporting form to Non-Immigrant Visa Holders ~~users~~ who log onto the web site and for receiving reports from Non-Immigrant Visa Holders ~~users~~; and

data processing means for identifying, from the stored data and received reports, Non-Immigrant Visa Holders ~~users~~ who have failed to make a timely report,

wherein the Non-Immigrant Visa Holder ~~user~~ makes multiple reports and

wherein the data processing means stores the multiple reports made by each Non-Immigrant Visa Holder user and compares a Non-Immigrant Visa Holder's user's current report with a previous report of that Non-Immigrant Visa Holder user.

21. (Original) The system of claim 20, further comprising means for transmitting notification to a centralized governmental body of information identifying individuals who have failed to make a timely report.

22. (Original) The system of claim 21, further comprising means for transmitting a notice of visa cancellations to a centralized data base accessible to local police.

23. (Currently amended) The system of claim 20, further comprising means for transmitting notification to at least one of a Non-Immigrant Visa Holder's user's sponsor, employer, or school that the Non-Immigrant Visa Holder user has failed to make a timely report.

24. (Currently amended) The system of claim 20, wherein the reporting form is provided in response to receipt at the data processing system of personal identifying information from Non-Immigrant Visa Holders users who log onto the web site.

25. (Currently amended) The system of claim 20, wherein the reporting form is provided to the Non-Immigrant Visa Holder user in a language selected by the Non-Immigrant Visa Holder user.

26. (Currently amended) The system of claim 20, wherein the server means provides selected hyperlinks to Non-Immigrant Visa Holders users making reports.

27. (Currently amended) The system of claim 26, wherein the server means selects hyperlinks on the basis of stored information about the Non-Immigrant Visa Holder user making the report.

28. (Original) The system of claim 20, wherein the reporting form contains requests for information concerning criminal activities.

29. Canceled.

30. (Original) The system of claim 20, further comprising means for providing notification by e-mail of individual's failure to make a timely report.

31. (Currently amended) The system of claim 30, wherein the notification is provided to at least one of the following individuals: the Non-Immigrant Visa Holder's

user's sponsor, the Non-Immigrant Visa Holder's user's employer, or the Non-Immigrant Visa Holder's user's school.
